

Living or Nonliving?

living

anything that eats, drinks, &
breathes to survive

Living or Nonliving?

non-living

nonliving

doesn't need food, water,
and air to survive

Living or Nonliving?

survive

to continue to live;
to stay alive

Living or Nonliving?

energy

usable power that comes
from food or the sun

You are living if you:

eat food

drink water

breathe air

can move
