

Volunteer Application for School Garden:

Full Name: _____

Date: _____

Teacher's Name: _____

Grade Level: _____

It is important for all of our volunteers to be very knowledgeable about plants and how they grow. Please answer these questions to show us how much you know about plants.

1. Draw and label the parts of a plant.

2. How do the parts of a plant work together to keep it alive? (roots, stem, leaves, flower)

3. Explain what a seed must have in order to live and grow into a plant.

4. Draw and label the life cycle of a plant.
