States of Matter – Week 1- Prompt #1

Solid	Liquid	Gas

We used a solid today and changed its shape.

Before	After

We used a solid today and changed its shape.

Before	After

We used a solid today and changed its shape.

Before	After

Today we experimented with liquids.

Here are my observations:

Today we experimented with liquids.

Here are my observations:

Today we experimented with liquids.

Today we experimented with liquids.

Here are my observations:

Today we experimented with liquids.

Here are my observations:

States of Matter - Week 1- Prompt #4

Today we experimented with gas.

Here are my observations:

States of Matter - Week 1- Prompt #4

Today we experimented with gas.

Here are my observations:

States of Matter - Week 1- Prompt #4

Today we experimented with gas.
